The diagram illustrates a building layout with 24 rooms, labeled 'raam 1' through 'raam 24'. The rooms are arranged in three horizontal rows. The first row contains 'raam 1', 'raam 2', 'raam 3', and 'raam 4'. The second row contains 'raam 5', 'raam 6', 'raam 7', 'raam 8', 'raam 9', 'raam 10', 'raam 11', and 'raam 12'. The third row contains 'raam 13', 'raam 14', 'raam 15', 'raam 16', 'raam 17', and 'raam 18'. The fourth row contains 'raam 19', 'raam 20', 'raam 21', 'raam 22', 'raam 23', and 'raam 24'. Lines connect the rooms in a grid-like fashion, with horizontal lines connecting adjacent rooms in each row and vertical lines connecting rooms in adjacent rows. There are also diagonal lines connecting 'raam 4' to 'raam 10' and 'raam 18' to 'raam 24'. The layout is symmetrical, with rooms 1-4 in the top row, 5-12 in the middle row, 13-18 in the bottom row, and 19-24 in the bottom-most row.
